

Diagnostic Services, Inc.

Current Job Postings Spring 2010

We are currently seeking qualified Registered Sonographers for Part-time and Perdiem positions.

The following Part-Time positions are available

- MFM One day/week west of Boston
- FLEXABILITY in ObGyn and or MFM. Are you interested in learning many accounts in your "area"? We are looking for sonographers to assist with coverage. Working closely with our managers to train and plan a schedule for the month ahead. We can offer variety to meet your availability.
- Weekend Fertility coverage in the south shore area

The following Per Diem positions are available

- Urology with TRUS experience
- ObGyn
- General
- Cardiac

All sonographers working with us are well trained in all of the accounts they cover. You will be trained on the equipment as well as the office routine. The support provided to our sonographers is an integral part of the quality services provided to our clients.

Join our team now. We are continuing to grow and will have additional opportunities in the future.

Please feel free to contact me with any questions you may have.
